

In the days when ballast stone was an important feature of some of Australia's most iconic buildings, the daring Steeplejacks played a crucial role in their construction and maintenance. VINTAGE 2022

Average Winter rainfall followed by cooler than average Spring and Summer conditions resulted in a prolonged but well-balanced vintage for the Currency Creek wine region.

Variable weather during Spring resulted in some yield variations within the district both between blocks and varieties. Bunch numbers were excellent overall, however, berry set was variable.
